16th EUROPEAN CONGRESS
ON **BIOTECHNOLOGY**
13-16 July 2014 • EICC • Edinburgh • **Scotland**
Organised by The European Federation of Biotechnology

Call for Abstracts

The [16th European Congress on Biotechnology](#) features outstanding invited speakers, but at the heart of the congress are oral and poster presentations by the wider scientific community.

The ECB16 scientific committee encourages you to submit an abstract so that you can present your research and raise your profile amongst your peers at Europe's leading congress on biotechnology in Edinburgh.

[Click here to view the full list of abstract themes](#)

The deadline for submission is Monday 31 March 24:00 GMT (midnight).

Please [click here](#) to download the abstract submission guidelines. Please note that there is a limit of one abstract per registration.

MAPPING BIOPROCESS METABOLISM

Funding for students and young scientists

The congress organisers have set aside a number of discretionary grants of €200 (£165GBP) to help a limited number of students and young scientists whose abstracts have been selected for oral presentation to offset the cost of attending the congress.

The criteria for selection are follows:

- Applicants should be either students (masters to pre-doctorate) or young scientists (within 3 years of PhD qualification)
- Grants are awarded on the condition that an abstract is submitted to the congress (provision of the grant does not automatically determine acceptance of the abstract)
- A signed statement from the applicant's supervisor must accompany any application

[Click here for application instructions](#)

Successful applicants will be notified by Monday 14 April 2014.

Young scientists are also encouraged to apply for other sources of funding to attend the congress that are listed on the congress website.

EUROPEAN FEDERATION OF
BIOTECHNOLOGY

ECB16 is organised by [TFI Meeting Point](#) on behalf of the [European Federation of Biotechnology](#)

Thanks to the Biochemical Engineering Journal we are now inviting nominations for the 5th Biochemical Engineering Journal Young Investigator Award.

The award consists of a cash prize of \$2,500 U.S. Dollars and a plaque presented at the [16th European Congress on Biotechnology](#) taking place from 13 to 16 July 2014 in Edinburgh, Scotland.

The award recipient will present a keynote lecture based on the content of his or her submitted abstract for an oral or poster presentation. He or she will also be invited to compose a review article for the Biochemical Engineering Journal.

Candidates must be self-nominated and less than 41 years of age on March 31, 2014. Nominations must be received no later than March 31, 2014.

In order to nominate please select the appropriate option as part of the [abstract submission process](#), which is conditional on [registration](#) for the congress.

Be an early bird and save on your registration fee

Register today for Europe's leading congress on biotechnology and save money on a conference that will feature:

- 1,400+ delegates
- 50+ exhibitors
- 1,000 scientific posters
- 100+ speakers

The early bird registration deadline is just around the corner so register today!

[Click here to register now!](#)

ECB16 is supported by the following organisations:

SCS
Swiss Chemical Society

To discuss the opportunity to become a partner and gain exposure for your organisation at both the congress and in pre-event marketing please contact Gareth Smith.
