

15th European Congress on Biotechnology

Only 3 days left to take advantage of early registration!

URGENT REMINDER: The extended deadline for Early Registration is **9th of July 2012**.

For more information on Registration & Accommodation click here: [ECB-15 Registration & Accommodation](#)

PLEASE REGISTER TODAY!

News

EFB General Assembly 2012

We are pleased to invite all our institutional members to the General Assembly of the European Federation of Biotechnology to be held on Sunday 23rd September 2012 at 13.00, in Istanbul in the Grand Cevahir Hotel & Convention Center, prior to the start of the 15th European Congress on Biotechnology.

The call for nominations for election to the EFB Executive Board is also open. For more information and instructions, please click on the following link: [EFB General Assembly 2012 - Call for nominations](#)

New Institutional Member

The **European Federation of Biotechnology** would like to welcome our **New Institutional Member**:

- [Chalmers University of Technology](#)

EFB now has more than 14.000 Personal Members

EFB Events

[15th European Congress on Biotechnology](#)

23-26 September 2012
Istanbul, Turkey

[Protein Engineering for Biocatalysis Conference](#)

29-31 August 2012
Greifswald, Germany

[Bioprocess Engineering Course \(BEC2012\)](#)

2-8 September 2012
Island of Brac, Croatia

[Biocatalysis in Lipid Modification](#)

19-21 September 2012
Greifswald, Germany

[Ecomondo](#)

7 - 10 November 2012
Rimini, Italy

[Recombinant Protein Production](#)

6-9 March 2013
Laupheim, Germany

[PYFF - 5th Conference on Physiology of Yeast and Filamentous Fungi](#)

4-7 June 2013
Montpellier, France

[10th Carbohydrate bioengineering Meeting - CBM10](#)

21-25 April 2013
Prague, Czech Republic

[11th BIOTRANS Conference](#)

More Information Soon - 2013
Manchester, United Kingdom

Protein Engineering for Biocatalysis Conference

Organised by the EFB **Section on Applied Biocatalysis**, this congress aims to bring together researchers active in the area of protein engineering for biocatalysis and related fields, and to provide a platform to exchange recent achievements from basic research to applied biocatalysis

[Read more](#)

Bioprocess Engineering Course (BEC2012)

EFB Section on Biochemical Engineering Science (ESBES), is organizing the **Bioprocess Engineering Course (BEC2012)** on the Island of Brac in Croatia. The course is an event of ESBES and will be organized by the working group "Bioreactor Performance". Lecturers are leading European Bioprocess Engineers.
