

15th European Congress on Biotechnology

Abstract Submission Deadline has been extended

Abstracts must be submitted by **30th of April 2012**.

For more information on confirmed speakers & Programme click here: [ECB-15 Speakers](#)

To submit your abstract please click here: [ECB-15 Abstracts](#)

News

EFB Section on Environmental Biotechnology

Download position papers on the major R&D priorities

The first meeting of the **Experts Group** of the **EFB Section on Environmental Biotechnology** has produced 4 position papers on the major R&D priorities during the 5th European Bioremediation Conference in Chania – Greece. We would like to encourage you to download and read these documents.

Upcoming Events

Environmental Microbiology & Biotechnology Conference 2012

Organised by the EFB Section on Environmental Biotechnology, **EMB2012** aims to explore the major advances, frontiers and applications of Environmental Microbiology and Biotechnology in the modern area of the knowledge-based bio and green economy

EFB Events

15th European Congress on Biotechnology

23-26 September 2012
Istanbul Turkey

Environmental Microbiology & Biotechnology Conference 2012

10-12 April 2012
Bologna - Italy

2nd Conference on Multistep Enzyme-catalyzed Processes MECP12

10-13 April 2012
Graz, Austria

9th International Conference on Protein Stabilisation

2-4 May 2012
Lisbon, Portugal

Microbial Stress: from Molecules to Systems II

10-13 May 2012
Belgirate Italy

International Symposium Mediterranean Agro-industrial Wastes and Effluents

5-8 June 2012
Santarem, Portugal

5th International Symposium on Biosorption and Bioremediation

25-28 June 2012
Prague, Czech Republic

Protein Engineering for Biocatalysis Conference

29-31 August 2012
Greifswald, Germany

Bioprocess Engineering Course (BEC2012)

2-8 September 2012
Island of Brac, Croatia

Biocatalysis in Lipid Modification

19-21 September 2012
Greifswald, Germany

Recombinant Protein Production 2013

[Read more](#)

2nd Conference on Multistep Enzyme-catalyzed Processes MECP12

EFB Section on Applied Biocatalysis is supporting MECP12. During the last six years, a lot of efforts have been devoted to multistep enzyme catalysed processes, which will be presented at the conference.

What can DNA do for you?: DNA technology and applications

The Society of Chemical Industry (SCI), **EFB's Regional Branch Office UK** is organising this conference, which will review a range of areas that are currently benefiting from some of the latest technological advances; from new molecular diagnostics to biochemical engineering and environment control.
